Feed Tires

All Models

Usage rates depend upon the abrasive qualities in documents being scanned, motor speed settings, amount of pressure being applied, operator, daily maintenance, and environment.

Part Number and Description	Comments	Item Usage Rate	Price
 <p>016-00009 Feed Tire, Black</p>	<p>Items depicted are sold individually. Order in multiples of two.</p> <p>Use with gray reverse belts. Recommended for use with paper weights of 20 lb. (75 g/m²) or greater.</p>	<p>Approximately 800,000 to 1 million documents</p>	<p>\$14.00</p>
 <p>016-00037 Feed Tire, Gray</p>	<p>Items depicted are sold individually. Order in multiples of two.</p> <p>Used with yellow reverse belts. Recommended for use with TAT airline tickets, (thin documents with the red carbon backs), and other fragile types of documents.</p>	<p>Approximately 800,000 to 1 million documents</p>	<p>\$20.00</p>
 <p>016-00070 Feed Tire, Beige</p>	<p>Items depicted are sold individually. Order in multiples of two.</p> <p>Intended as a replacement for the Gray feed tire, 016-00037. The 016-00070 wears better leaving residue similar to a pencil eraser. Works well on paper weights between the standard 20 lb (75 g/m²) and the thin TAT airline tickets.</p> <p>Generally used with the gray reverse belts; only more fragile documents will require the yellow reverse belts.</p>	<p>Approximately 800,000 to 1 million documents</p>	<p>\$63.00</p>
 <p>016-00077 Feed Tire, Dark Tan</p>	<p>Items depicted are sold individually. Order in multiples of two.</p> <p>Feed tire has the same properties as 016-00070.</p> <p>Generally used with the gray reverse belts; only more fragile documents will require the yellow reverse belts.</p>	<p>Approximately 800,000 to 1 million documents</p>	<p>\$27.00</p>

 <p>016-00085 Feed Tire, Gray Beveled</p>	<p>Items depicted are sold individually. Order in multiples of two.</p> <p>The Gray Beveled feed tires are used with the yellow reverse belts.</p> <p>Use with documents that have properties similar to rice paper.</p> <p>This Beveled feed tire is made of the same material as the Gray feed tire, 016-00037, with the edges beveled to lessen the friction placed on the document as it is pulled through the feeder</p>	<p>Approximately 800,000 to 1 million documents</p>	<p>\$23.00</p>
 <p>016-00090 Feed Tire, Dark Tan Beveled</p>	<p>Items depicted are sold individually. Order in multiples of two.</p> <p>The Dark Tan Beveled feed tires are used with the yellow reverse belts.</p> <p>Use with fragile documents that are not as fragile as rice paper.</p> <p>This Beveled feed tire is made of the same material as the Dark Tan feed tire, 016-00077, with the edges beveled to lessen the friction placed on the document as it is pulled through the feeder.</p>	<p>Approximately 800,000 to 1 million documents</p>	<p>\$29.00</p>

Reverse Belts All Models

Part Number and Description	Comments	Item Usage Rate	Price
 <p>016-00032 Reverse Belt, Gray Foam</p>	<p>Items depicted are sold individually. Order in multiples of two.</p> <p>Works well with the majority of document types.</p>	<p>*Approximately 800,000 to 1 million documents</p>	<p>\$45.00</p>

 <p>016-00022 Reverse Belt, Yellow Foam</p>	<p>Items depicted are sold individually. Order in multiples of two.</p> <p>Works well with fragile document types.</p>	<p>Approximately 800,000 to 1 million documents</p>	<p>\$35.00</p>
 <p>127-00067</p>	<p>This is the IBML recommended brush used to clean the Reverse Belts (only) during the Operator daily maintenance.</p>		<p>\$27.00</p>

Lamps

Scanner Models IT1, IT1.5 & IT2

Part Number and Description	Comments	Item Usage Rate	Price
 <p>030-00004 Lamp, Halogen</p>	<p>3 per camera, items depicted are sold individually</p>	<p>1000 Hours</p>	<p>\$55.00</p>
